## COVER LETTER

Dear Manager,

I am writing to express my interest in the position advertised. As a senior computer science student at the University of Limpopo, I am eager to combine my academic background with my experience in event management to contribute to the success of your fundraising initiatives for my honors degree.

In my academic pursuits, I have honed my skills in computer science through a rigorous curriculum that covers a broad spectrum of topics, including programming languages, software development, and data structures. My academic journey at the University of Limpopo has equipped me with a strong foundation in problem-solving, critical thinking, and technical proficiency that I believe will be invaluable.

What sets me apart is my extensive experience as an event manager. I have successfully organized and executed multiple events during my time at university, ranging from small-scale workshops to large-scale conferences. These experiences have allowed me to develop exceptional organizational and leadership skills, as well as the ability to work collaboratively with diverse teams to achieve common goals. I am confident that my event management background will enable me to plan and execute fundraising events seamlessly, ensuring their success and the achievement of financial targets.

Moreover, my passion for community engagement and commitment to making a positive impact align with the values of any position advertised. I am excited about the prospect of leveraging my technical and organizational skills to contribute to the fundraising efforts that support my pursuit of an honors degree in computer science.

I would welcome the opportunity to further discuss how my skills and experiences align with the goals I have. Thank you for considering my application. I look forward to the possibility of contributing to your team and making a meaningful impact.

Sincerely,  
CLENTAN
